

Creative Prayer Tip

For Ladies Ministry Meetings/Activities

A great way to get your ladies to pray for each other is to have them exchange requests during meetings. Have index cards and pens ready at the start of your meeting.

Each lady should fill out 1 to 3 requests on one side of the index card and write their name on the back.

Drop the cards in a hat or basket and pass around before the meeting ends so that everyone can take a card home.

Encourage your ladies to pray specifically for those requests until your next meeting.

This is also a great way to deal with prayer requests when you have a packed full meeting ahead and you know that there won't be time enough for everyone to voice their requests if you normally accept prayer requests during your meetings.
